

ARC-07 Optical Fibre Cleaver with Auto Rotate Blade

- **High Precision**
- **No Blade adjustment**
- **Match Different brand splicing machine**
- **Progress steadily long life and assurance quality**

- **Special Tungsten Steel Blade**
- **Advance Technology to process and procedure**
- **There are 16 positions three points on each face**
- **Each Point can cut 1000 times the total of 48000 times**

- **Multiple Clamps are available**
- **Cutting length $\geq 10\text{mm}$**
- **Cladding Diameter $125\mu\text{m}$**
- **Coating Diameter 0.25 and 0.9mm**

Technical Specifications

Size:	76W*66D*57.5H(mm)
Weight:	270G
Cutting angle:	$\leq 0.5^\circ$
Blade life:	48000cores(1000 cores*16 position*3 high)
Cutting length:	≥ 10 (mm)
Cutting length:	125 μ m
Coating diameter:	0.25&0.9(mm)
Warranty period:	12 months
